

DESCRIPTION

RELEASE is a bio-based, biodegradable, non-toxic, low-VOC/high performing release agent and cleaner that acts as a multi-purpose product and can be used in a variety of industries. Offering significant regulatory and safety advantages over petroleum solvents and cleaners, the product addresses the numerous EPA and environmental issues facing users.

DIRECTIONS

RELEASE can be used as a concentrated cleaner or diluted up to 4:1 as a release agent.

Using a Pump-Up Sprayer, apply a liberal coating of RELEASE over soiled equipment. Allow several minutes to dissolve soils, and remove with high pressure water.
